

SUBJECT: PDM – Public Law 83-566, the Watershed Protection and Flood Prevention Act of 1954, as amended – Watershed and Flood Prevention Operations Program (WFPO), Authorization of Federal Assistance for the Final Supplemental Plan- Environmental Assessment (EA) #14 Mill Ditch Improvements and Diversion Structure, American Fork - Dry Creek Watershed in Utah County, Utah

TO: Emily Fife  
State Conservationist  
Salt Lake City, Utah

This memorandum authorizes Federal assistance for the installation of works of improvement, under the Authority of the Watershed Protection and Flood Prevention Act of 1954 (Public Law P.L. 83-566), for the American Fork - Dry Creek Watershed in Utah County, Utah.

Assistance should be in accordance with the terms, conditions, and stipulations included in the Final Supplemental Plan – Environmental Assessment #14 Mill Ditch Improvements & Diversion Structure, American Fork - Dry Creek Watershed in Crook County, Oregon, as funds appropriated for this purpose are made available.

Copies of letters to your congressional delegation informing them of this authorization are enclosed. Please contact each member of your congressional delegation within 30 days with details on this project and the funding status of the works of improvement. We also suggest that you provide the local sponsors with the appropriate information regarding the project status and projected annual funding needs.

Terry J. Cosby  
Acting Chief
