11:00 am

Attends: Misty Strayhorn, District Conservationist; Amanda Whitman, District Manager; Jesse Stutzman, District Chair; Josh Hilderbrand and Trevor Fields

The local working group meeting was scheduled to take place after the March Sherman County Soil Water Conservation District Board Meeting. The only people that attended with the district board members. Instead of a formal presentation I just talked to them about where we are on the Catastrophic Fire Program; and moving forward with a RCPP with the District and NRCS. I told the member that I did not have a lot of information on NRCS budget, and we would have to wait for further guidance from National.

Most of the member had been at one of the 4 community meetings that were held the previous month and didn't have much more to discuss.
