

## **FY26 Missouri NRCS Conservation Stewardship Program (CSP) ACT NOW Regenerative Pilot Program (RPP) Opportunity**

Missouri NRCS will be utilizing ACT NOW to process conservation applications in the FY26 CSP Regenerative Pilot Program (RPP) ranking pools to deliver a conservation product faster. These applications were received by the January 15, 2026, 2026-1 application sign up deadline. ACT NOW allows NRCS to approve and obligate a ranked application in a designated ranking pool when an eligible application meets or exceeds a State-determined minimum threshold ranking score. This means no longer having to wait for all applications to be reviewed and preapproved in a ranking pool.

NRCS ACT NOW minimum Threshold Ranking Score:

- CSP Regenerative Pilot Program AgLands- 5
- CSP Regenerative Pilot Program NIPF- 5
