

Natural Resources Conservation Service  
U.S. DEPARTMENT OF AGRICULTURE

# TAC Meeting – March 2026

FARM PRODUCTION AND CONSERVATION  
FSA | NRCS | RMA | Business Center

# FY2025 Program Obligation Results

# Tribal Funding 2025

- 14 Contracts
- \$2,825,155
- 7,184 Acres

# Regenerative Pilot Program

Regenerative Agriculture is a conservation management approach that emphasizes natural resources through improved soil health, water management, and natural vitality.

## Requirements:

- Whole Farm Assessment
- Primary Practice
- Soil Health Testing

# RPP Primary Practices

| Primary Regenerative Management Practices |                                                |
|-------------------------------------------|------------------------------------------------|
| 328                                       | Conservation Crop Rotation (328)               |
| 330                                       | Contour Farming (330)                          |
| 331                                       | Contour Orchard and Other Perennial Crop (331) |
| 340                                       | Cover Crop (340)                               |
| 554                                       | Drainage Water Management (554)                |
| 511                                       | Forage Harvest Management (511)                |
| 666                                       | Forest Stand Improvement (666)                 |
| 449                                       | Irrigation Water Management (449)              |
| 484                                       | Mulching (484)                                 |
| 590                                       | Nutrient Management (590)                      |
| 595                                       | Pest Management Conservation System (595)      |
| 528                                       | Prescribed Grazing (528)                       |
| 329                                       | Residue and Tillage Management, No Till (329)  |
| 345                                       | Residue and Tillage Management, Reduced (345)  |
| 585                                       | Stripcropping (585)                            |

# 2026 Programs Timeline

- **Application Cutoff – January 15, 2026**
  - One timeline for EQIP and CSP
- **Ranking Deadline - April 10, 2026**
- **Funding Selections - April 20, 2026**
- **Obligations done by beginning of September**

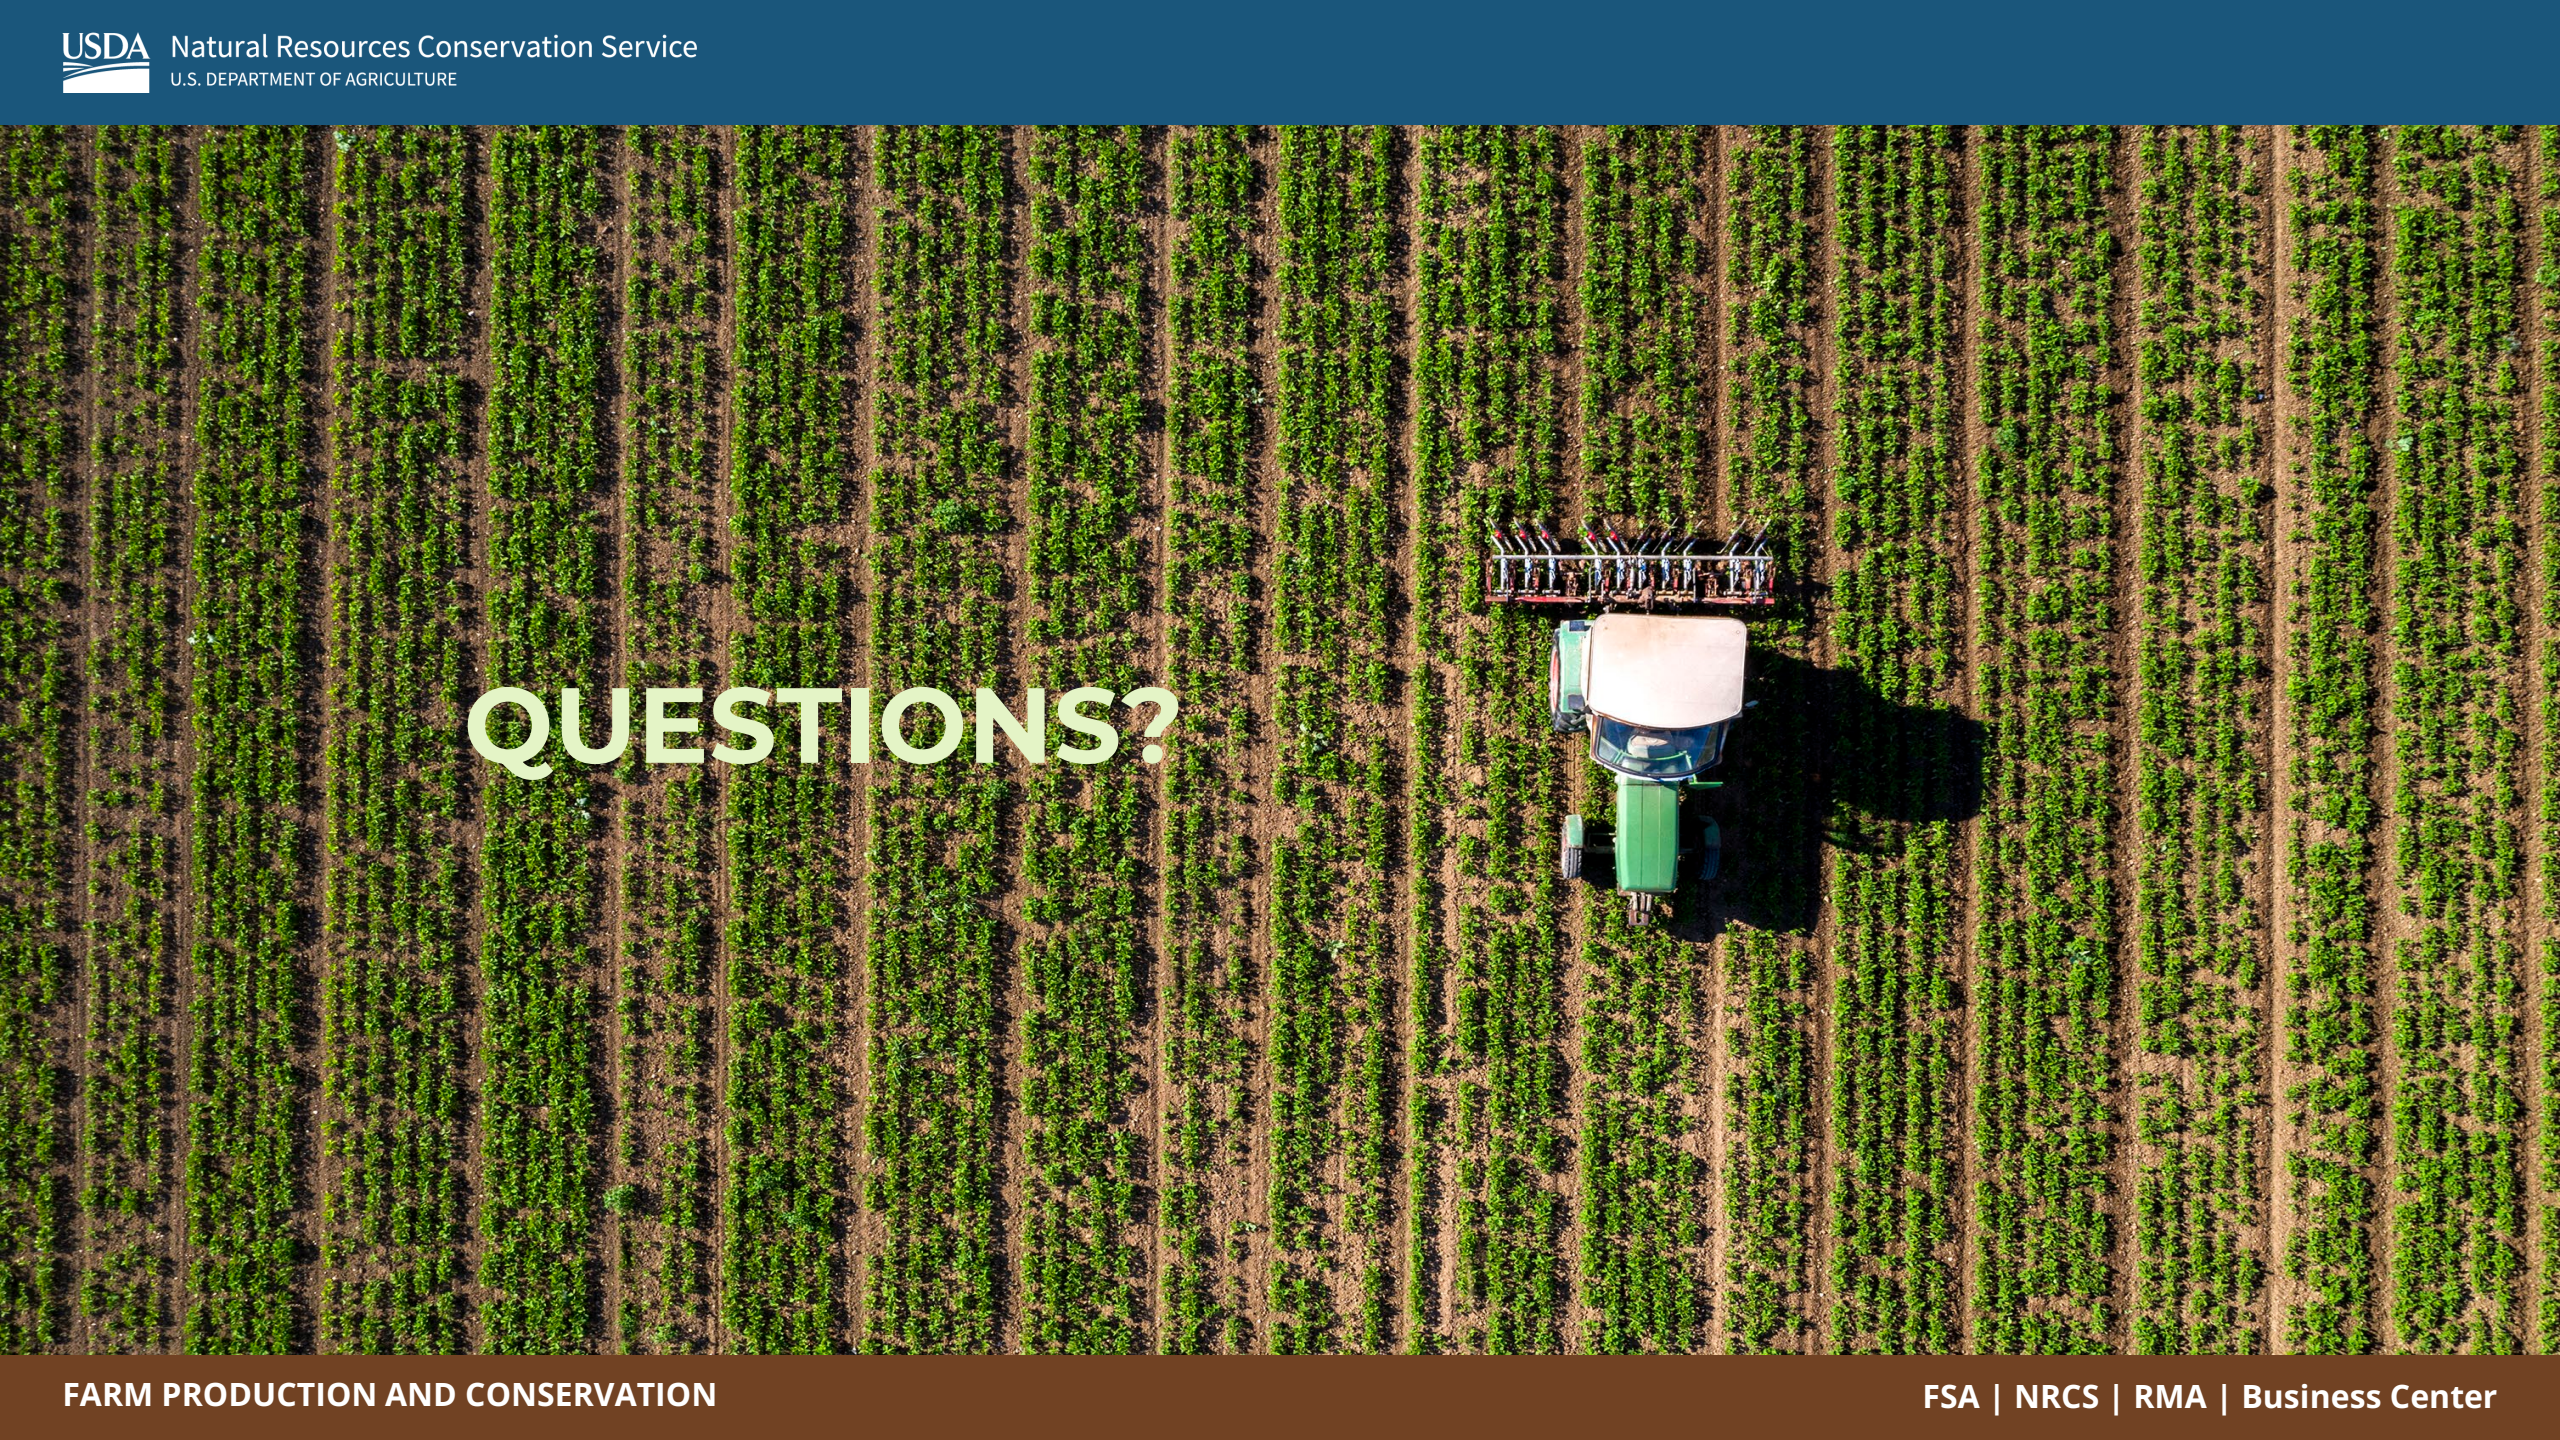

# Programs 2026

- Beginning and Socially Disadvantaged Farmers receive 5% of funds each
- 10% of funds directed to Wildlife
- 25% of EQIP and CSP funds go to RPP
- Tribal EQIP

# Programs 2026

- EQIP – 4600+ Applications
- CSP – 550+ Applications

An aerial photograph of a green tractor with a white cab, pulling a red and white implement through a field of young green crops in neat rows. The tractor is casting a shadow to its right.
